About the Orphanage

El Reino De Los Niños (The Kids Kingdom) is an independent Christian orphanage and home to 35 children in Maneadero, near Ensenada in Baja California, Mexico. The Kids Kingdom was founded in 1989 by Tomas and Maricela Shockey. The Directors, Tomas and Maricela, have continued to this day to dedicate their lives to orphanage ministry. The Kids Kingdom's mission is to meet the physical, emotional, relational, educational, and spiritual needs of the children that come to the orphanage from backgrounds of abandonment, neglect and abuse. The Kids Kingdom's desire is to see the children mature into responsible adults whose lives are founded on Biblical principles and whose impact on society will be positive and lasting.

Each of the children at the Kids Kingdom were either orphaned or removed from homes where they were abused. Most of the children arrive at the orphanage with little or no formal education. In October, a trip is planned to meet the two wonderful brother and sister (Ernesto and Nahomi) we are now supporting as well as taking a tour of the orphanage, play games, crafts, and pizza lunch with 40 orphan children.

Our monthly sponsorship helps with education, medical needs, food, school supplies, and other every day necessities.

Ernesto and Nahomi came to the Kids Kingdom in October 2017. Both parents were drug addicts and neglected their children. Neighbors had notified the police since Nahomi and Ernesto were on their own during the day and not in school. After spending 4 months in a temporary shelter, DIF (Mexican Social Services) brought them to Kids Kingdom – their first stable and loving home!
